

Class 24 Interview Preparation

Introduction			
I am Jay Prakash, and i am currently working as a devops engineer on a Fleet Management and logistics Tracking solution for a Us_based Costomer			
Client Requirement			
our client has multiple trucks and delivery vehicles Oprating across locations,they want a web portal and mobile application where they can monitor vehicle locations,delevry status,fuel consumption,driver activities and shipment tracking in real time.			
Existing Infrastructure			
the Client already installes GPS trackers and IoT Devices in all their vihcles.these continuously send telemetry data such as vihcle location,speed,fuel level,engine status and route information to the azure cloud			
Solution Requirement			
the wants us to consume the incoming IoT Data and build a portal tha displays			
Live vehicle location	Delivery status		
Fuel consumption	Driver Activity		
Vehicle Speed	Estimate Delivery time		
Project Team Structure			
1 Project manager	2 Devops Enineer	4 Frontend Engineer	1 database admin
4 Backend Engineer	2 QA Engineer		

The application follows a 3 tier architecture		
Frontend layer	Backend layer	Database layer
6-My Role as a Devops Engineer		
i am part of the devops Team, and my Primary responsibilities		
-Designing the azure deployment architecture		
-Creating and Manage CI/CD Pipelines using azure devops		
-managing infrastructure as code using Terraform		
Deploying applications to azure vms		
Implementing Monitoring and alerting solutions		
Managing Production Release and deployments		
Ensuring application ,high availability,scalability and security		

Interview me jakar fail hona hain....

Problems	Problems
Interview ka Tairari kaise karna hai?	.zip pehle terraform ke questions abhi aap yaad kar lo,fir azure quetions yaad kar le,fir git,Pipeline and powershell
Syllabus bahut kam pade hain?? na Pipeline na azure ? toh interview kaiese denge	5 min survive karna hai..uske hisaab se kaafi hai
Kis company me interview dena hain?	falana.com,dikaana.com koi ho dedo interview
Interview die bhi toh interview me bolenge kya ?	
Kitna package loge ?
